## Aims and scope

[Notulae Botanicae Horti Agrobotanici Cluj-Napoca](#) is a peer-reviewed biannual journal aimed at disseminating significant research and original papers on plant breeding, genetics, diversity and development of new methodologies that can be of interest to a wide audience of plant scientists in all areas of plant biology, agriculture, horticulture, and forestry. The journal encourages authors to frame their research questions and discuss their results in terms of the major questions of plant biology and agriculture, thereby maximizing the impact, spreading and value of their research. The papers must be of potential interest to a significant number of scientists and, if specific to a local situation, must be relevant to a wide body of knowledge in biology and agronomy. Articles should make a significant contribution to the advancement of knowledge or toward a better understanding of existing biological and agricultural concepts. An international Editorial Board advises the journal. There are no publishing fee and no pay for submission. The total content of the journal may be used for educational, non-profit purposes without regard to copyright. The distribution of the material is encouraged with the condition that the authors and the source (**Notulae Botanicae Horti Agrobotanici Cluj-Napoca** or **Not Bot Horti Agrobo**) are mentioned.

## Submission

The journal offers to authors a fully web-enabled online manuscript submission, instructions for authors and review system available at <http://www.notulaebotanicae.ro>.

Papers are published in English (British spelling) and the authors are fully responsible for the originality of their papers and for the correctness of their subject-matter, language and formal attributes. A language reviewer revises English, but authors are strongly urged to have the papers reviewed linguistically prior to submission.

Manuscripts submitted must be edited, for clarity and conformity purposes according to Authors guidelines, and must not have been previously published or simultaneously submitted elsewhere.

The papers can be submitted online by the “senior author” (the main author, or the person who takes responsibility for the integrity of the work as a whole, from submission to the published article). The submission process is described on the web site.

An Author Statement, available on the website, should be enclosed by “senior author” declaring that the paper has not been published anywhere else, permission to reproduce the material, authorship credit, contributors and creditors for the integrity of the work as a whole, to avoid the conflicts of interest and scientist fraud, and respecting the ethical principles of publishing, research and scientific rights.

## Publication Ethics and Publication Malpractice Policy

The journal respects the publication ethics norms, based on internationally accepted best practice guidelines for journal editors, notably the Committee on Publication Ethics ([COPE](#)), the World Association of Medical Editors ([WAME](#)), the International Committee of Medical Journal Editors ([ICMJE](#)), Consolidated Standards of Reporting Trials ([Consort](#)).

Prof. dr. Radu E. SESTRAS  
Editor-in-Chief

\*\*\*\*\*

**September 26-27, 2017, Aula Magna “Mihai Serban”,  
University of Agricultural Sciences and Veterinary Medicine Cluj-Napoca  
“40 Years of Horticulture Education in Cluj-Napoca, 1977-2017”**

\*\*\*\*\*

Celebrating 40 years of excellence in education and research in the field of horticulture within the Faculty of Horticulture at the University of Agricultural Sciences and Veterinary Medicine Cluj-Napoca, in 2017, represents a moment of great joy for the academic staff, the graduates and the students of the faculty. This is celebrated with an impressive ceremony and a scientific programme in Aula Magna “Mihai Serban” of the University of Agricultural Sciences and Veterinary Medicine Cluj-Napoca.

**“40 Years of Horticulture Education in Cluj-Napoca, 1977-2017”**

**September 26-27, 2017**

**University of Agricultural Sciences and Veterinary Medicine Cluj-Napoca**

**(<http://conference.shst.ro>)**

The accepted papers (peer reviewed) were published in two special issues (Volume 45, Issue 2, 2017, and Volume 46, Issue 1, 2018) of [Notulae Botanicae Horti Agrobotanici Cluj-Napoca](http://www.notulaebotanicae.ro) journal (<http://www.notulaebotanicae.ro>) dedicated exclusively for this celebration.
